

# Program of the 5th International Consensus Conference on Concussion in Sport

## Detailed planning of the scientific program

Day 1 - Thursday, October 27th 2016

Welcome Session		Speaker
08:15-08:30	Welcome and conference opening	Mark Aubry
08:30-09:00	CISG process	Willem Meeuwisse
09:00-09:30	Morning coffee break -Posters (Concussion Definition & Sideline Screening)	
Session 1	Topic	Concussion Definition & Sideline Screening
09:30-10:30	What is the definition of concussion? <i>Discussion</i>	Paul McCrory
10:30-11:30	<b>What are the critical elements of dieline screening that can be used to establish the diagnosis of concussion?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Moderator: John Patricios
11:30-12:30	Lunch break - Posters (Sport Concussion Assessment Tool (SCAT) & Post-injury Assessment)	
Session 2	Topic	Sport Concussion Assessment Tool (SCAT) & Post-injury Assessment
12:30-13:30	<b>What tests and measures should be added to the SCAT3 and related tests to improve their reliability, sensitivity and/or specificity in sideline concussion diagnosis?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Moderator: Ruben Echemendia
13:30-14:30	<b>What domains of clinical function should be assessed post-injury?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Moderator: Nina Feddermann
14:30-15:00	Afternoon coffee break - Posters (Advanced or Novel Testing & Treatment)	
Session 3	Topic	Advanced or Novel Testing & Treatment
15:00-16:00	<b>What advanced or novel tests can assist in the evaluation of concussion?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Moderator: Michael McCrea
16:00-17:00	<b>What is the evidence for and efficacy of specific treatment interventions?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Moderator: Kathryn Schneider
17:00-17:15	Closing comments	Allen Sills

Day 2 - Friday, October 28th 2016

		Speaker
08:15-08:45	Posters (Physiologic Recovery - Return to Play & Modifiers)	
08:45-09:00	Opening Remarks	Martin Raftery
<b>Session 4</b>	<b>Topic Physiologic Recovery - Return to Play &amp; Modifiers</b>	
09:00-10:00	<b>What is the time course of physiological recovery after sports concussion?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Moderator: Chris Giza
10:00-11:00	<b>What are the key modifiers of concussion outcomes?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Moderator: Grant Iverson
11:00-11:30	Morning coffee break - Posters (Childhood concussion)	
<b>Session 5</b>	<b>Topic Childhood concussion</b>	
11:30-12:30	<b>What is the difference in concussion management in children as compared to adults?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Moderator: Gavin Davis
12:30-13:30	Lunch break - Posters (Persistent Postconcussive Symptoms) & Long Term Sequellae	
<b>Session 6</b>	<b>Topic Persistent Postconcussive Symptoms &amp; Long Term Sequellae</b>	
13:30-14:30	<b>What is the best approach to investigation and treatment of persistent postconcussive symptoms?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Moderator: Mike Makdissi
14:30-15:30	<b>What is the current state of the scientific evidence about the prevalence, risk factors and causation of possible long term term sequellae like CTE and other neurodegenerative diseases, with respect to sports concussion?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Moderator: Geoff Manly
15:30-16:00	Afternoon coffee break - Posters (Risk Reduction)	
<b>Session 7</b>	<b>Topic Risk Reduction</b>	
16:00-17:00	<b>What strategies can be used to effectively reduce the risk of concussion in sport?</b> <i>Oral poster presentations</i> <i>Lecture of summary and recommendation</i> <i>Panel Discussion with co-authors and audience Q&amp;A, moderated by the lead author</i>	Carolyn Emery
17:00-17:15	Closing comments	Lars Engebretsen, Jiri Dvorak
